House of the Year 2006

The Auckland Regional House of the Year Gala Awards was held on Saturday night, 5 August, at the Sky City Convention Centre.

A recent change of judging criteria with a greater focus on that old fashioned craftsmanship that we love so much, meant that the decision was made to enter a couple of our most recently created homes.

With the Auckland region also including Coromandel and Northland areas, a record number of entries guaranteed some stiff competition.

I am extremely proud to announce that Garland Builders received awards for both entries. A Silver Award for New Homes \$350,000 to \$450,000 and a Gold Award for New Homes \$600,000 to \$1,000,000.

My thanks and gratitude go to Howard and Louise, and Eric and Annette, firstly for choosing our T.E.A.M.* to work with in the creation of your homes, and then being awesome people to work with and allowing your home to be entered into the 2006 Master Builders' House of the Year Competition.

These awards are a reflection of what can be achieved by a proud and passionate T.E.A.M.* who are truly dedicated to excellence, customer satisfaction and having fun at work.

Thanks and congratulations to my T.E.A.M.* at Garland Builders and our loyal and valued sub trades and suppliers.

And, obviously a great home starts with a great design, so thanks also to Doug Mills and Jann Hurley for your vision and expertise.

New T.E.A.M.* Members

A big welcome to Carl Wartnaby and George Tau.

Carl and George have recently joined our T.E.A.M.* as highly skilled carpenters and we look forward to a successful and rewarding future together.
